

FAQ For OnShift Customers

1. Why did OnShift acquire Avesta?

OnShift, Inc. has acquired Avesta Systems, Inc., a provider of comprehensive talent acquisition software and services that streamline recruitment and hiring processes so organizations can quickly identify and hire quality employees. Together, OnShift and Avesta provide a powerful suite of solutions to attack some of healthcare's most critical workforce challenges. The acquisition of Avesta reinforces OnShift's strategy to expand its next-generation human capital management platform, offering healthcare providers modern, purpose-built solutions that redefine the employee experience. As a result, our customers realize dramatically reduced turnover rates, decreased costs and enhanced quality and continuity of care.

2. How will this acquisition benefit our organization?

The acquisition of Avesta Systems, Inc. brings together a powerful set of solutions to attack some of healthcare's most critical workforce challenges and introduces the launch of OnShift's latest product: OnShift Employ.

3. What is OnShift Employ?

OnShift Employ helps healthcare organizations source, recruit, screen, hire and onboard candidates with lightning-fast efficiencies to create a memorable candidate experience. They will be able to gain a competitive edge by being the first to find top candidates and seamlessly manage the entire hiring lifecycle from a robust, easy-to-use system.

4. Will there be any changes in my current service?

No. There will be no changes to your current service.

5. When can I begin to use this product?
