

End-to-End Talent Acquisition System

OnShift® Employ helps senior care organizations source, recruit, screen, hire and onboard candidates with lightning-fast efficiencies to create a memorable candidate experience.

Gain a competitive edge by being the first to find top candidates and seamlessly manage the entire hiring lifecycle from a robust, easy-to-use system.

✓ Find top talent

✓ Engage candidates

✓ Streamline hiring

✓ Ensure compliance

✓ Reduce time to hire

Source & Recruit With Lightning Speed

Broaden your sources of new candidates with automated job posts to hundreds of job boards, easily share on social media sites and maintain a private database of candidates for future openings. Quickly connect with applicants via text message communication.

Track Your Candidates With Efficiency

Quickly move candidates through your hiring process with customizable workflows, automated reminders to complete next steps and easy offer letters for a faster path to hire.

Screen Candidates With Confidence & Compliance

Accurate, thorough and compliant background screening, drug testing and employment verification ensures you're meeting federal, state and local hiring regulations to hire with confidence.

Onboard With Ease

Deliver, collect and store all pre-hire documentation with automated candidate communication reminders to ensure new hire success from day one.

Gain Deep Insights With Analytics

Get real-time visibility on key hiring metrics with 60+ reports that track all areas of your recruitment program for continuous improvement in hiring decisions.

Seamlessly Integrates With Current Systems

Single sign-on integrations with numerous HR, payroll and timekeeping systems allow new hire information to flow between systems without complexity.

REDEFINING THE EMPLOYEE EXPERIENCE

OnShift's next-generation human capital management platform fundamentally transforms the relationship between healthcare organizations and employees with an innovative approach to recruitment, hiring, scheduling and engagement. Learn more at www.OnShift.com.
