

# KEEP EMPLOYEES CONNECTED & ENGAGED

## Helping Employees Achieve Better Work-Life Balance

Fuel a workforce that goes above and beyond with the OnShift Mobile App. Put everything your employees need to manage their schedule and stay engaged with your community, right at their fingertips.

### Provide On-The-Go Schedule Access

Give your staff the ability to view and manage their schedule anytime, anywhere—all from their smartphone.

### Keep Staff Engaged While They're Away

Show your employees their hard work matters with on-the-go access to reward balances and job performance data.

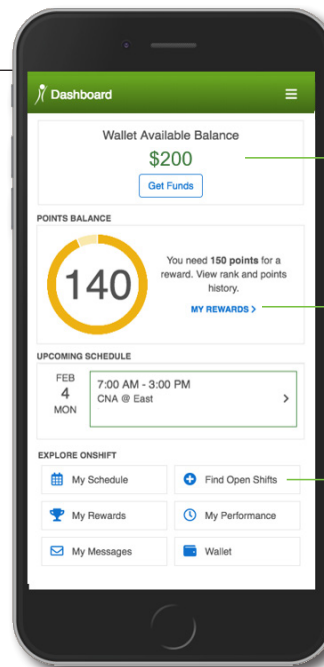

### Fill More Shifts, Faster

Ensure you're staffed consistently by instantly communicating, making it quick and easy for employees to view and request open shifts.

### Give Employees Financial Peace of Mind

Help employees better manage unexpected expenses with fast access to earned, but unpaid wages.

Fast Way To Access Earned Wages

Points, Rewards & Recognition

Flexible Schedules

“Our employees have immediate access to their earnings, giving them the ability to avoid costly payday loans, late fees and bank overdraft charges. We have seen a 63% increase in the amount of shifts being voluntarily picked-up — helping us reduce or avoid overtime and/or agency use. It’s a true win-win.”

—Kim Warnecke, Health Care Navigator
