✓ **Reduce Excess Labor Costs**

✓ **Any Tablet, Any Smartphone**

✓ **No Timeclock Required**

✓ **Modern Facial Recognition Biometrics**

✓ **Easy To Use**

Eliminate Traditional, Expensive Timeclocks

Rent or own, timeclocks are costly & come with hefty maintenance fees. Save on excess hardware costs. Turn any tablet or smartphone into a timeclock.

Give Staff A Modern Time & Attendance Experience

Clocking in is as simple as taking a selfie! Staff can punch in on a centrally located tablet in your community, on their personal device or a combination of both—it's up to you.

Protect Your Community From COVID-19

Provides staff a contactless experience and pre-screening COVID-19 questionnaires for added infection prevention.

Ensure Accuracy & Streamline Payroll Processes

Monitor timecard approvals & discrepancies in real time. Robust analytics & seamless integrations give payroll teams quick visibility into potential errors or issues.

Maintain Compliance With Custom Configuration

Mitigate compliance issues with customizable break attestations & configurable rules engine that ensures staff are paid appropriately.

Get A Unified View Of Your Workforce

Take control of excess labor costs with a best-in-class, fully integrated workforce management platform purpose-built for senior care.

“OnShift Time gives our staff a modern, contactless experience, while providing the real-time, actionable workforce management insights we need to reduce excess labor costs and streamline payroll processes.”
